OATH FOR PROFESSIONAL NURSING

As I enter the academic clinical environment
to prepare myself for the role of a professional nurse,
I pledge to:
Commit to hold fast to the professional values of nursing;
Resolve to be patient with the young,
gentle with the aged, compassionate with the striving,
and supportive of the vulnerable;
Maintain a balance between
the use of technology and the
offering of evidence-based, humanistic nursing care;
Display integrity and professionalism at all times;
Understand that excellent nursing practice
is supported by respect for my inter-professional colleagues;
Incorporate the obligation of life-long learning
to advocate for and deliver
the highest quality patient care;
And lastly, I will support the nursing profession
through my care, leadership and ability to inspire
as demonstrated by my actions and behaviors.
