COURSE DESCRIPTION This course provides an opportunity to synthesize advanced knowledge, skills, and behaviors in an advanced practice role within clinical specialty tracks. Students will practice under the supervision of faculty with agency preceptors in an appropriate facility or institution.

COURSE OBJECTIVES Upon completion of this course, the student will be able to:

1. Evaluate scientific bases from extant and emerging areas of knowledge for advanced nursing practice.
2. Evaluate decision support systems to solve clinical problems for individuals, aggregates and systems.
3. Develop advanced leadership and collaborative skills to mobilize interdisciplinary teams to solve highly complex clinical problems.
4. Develop expertise to formulate health policy and provide leadership in establishing clinical excellence and creating new models of cost-effective health care delivery.
5. Critically assess, plan, intervene and evaluate the health experiences of individuals, aggregates and systems to provide safe, evidence based care.
6. Synthesize knowledge of cultural diversity and global perspectives in delivering health care and in critiquing nursing systems.

CLINICAL/LABORATORY SCHEDULE

Clinical experience placement will be arranged by faculty member. Clinical schedule will be arranged by student and preceptor with faculty member oversight. All clinical site information will be entered via the EXXAT program.

If you have face-to-face instructional sessions on campus; in response to COVID-19, the following policies and requirements are in place to maintain your learning environment and to enhance the safety of our in-classroom interactions.

- You are required to wear approved face coverings at all times during class and within buildings. Following and enforcing these policies and requirements are all of our responsibility. Failure to do so will lead to a report to the Office of Student Conduct and Conflict Resolution.
- If you are experiencing COVID-19 symptoms ([Click here for guidance from the CDC on symptoms of coronavirus](#)), please use the UF Health screening system and follow the instructions on whether you are able to attend class. [Click here for UF Health guidance on what to do if you have been exposed to or are experiencing Covid-19 symptoms](#).
- Course materials will be provided to you with an excused absence, and you will be given a reasonable amount of time to make up work. [Find more information in the university attendance policies](#)
- You are expected to adhere to all policies of the clinical agency to maintain safety such as wearing approved personal protective equipment. It is your responsibility to act in accordance with the UF Health Student COVID-19 Pledge.

E-Learning in Canvas is the course management system that you will use for this course. E-Learning in Canvas is accessed by using your Gatorlink account name and password at <http://elearning.ufl.edu/>. There are several tutorials and student help links on the E-Learning login site. If you have technical questions call the UF Computer Help Desk at 352-392-HELP or send email to helpdesk@ufl.edu.

It is important that you regularly check your Gatorlink account email for College and University wide information and the course E-Learning site for announcements and notifications. Course websites are generally made available on the Friday before the first day of classes.

TEACHING METHOD

Clinical experiences and seminar activities

LEARNING ACTIVITIES

Direct patient care and clinical documentation. There is a required OSCE with a standardized patient. The dates are to be determined.

CLINICAL EVALUATION

Minimum Required Clinical Practice Hours: 192 hours

<u>Evaluation Method</u>	<u>Course Grade</u>
<u>Midterm Evaluation</u>	<u>S/U</u>
<u>Focused SOAP #1</u>	<u>S/U</u>
<u>Focused SOAP#2</u>	<u>S/U</u>
<u>OSCE</u>	<u>S/U</u>

Clinical experience will be evaluated through faculty observation, verbal communication with the student, written work, and agency staff reports using a College of Nursing Clinical Evaluation Form. Faculty reserve the right to alter clinical experiences, including removal from client care areas, of any student to maintain patient safety and to provide instructional experiences to support student learning.

Evaluation will be based on achievement of course and program objectives using a College of Nursing Clinical Evaluation Form. All areas are to be rated. A rating of Satisfactory represents satisfactory performance and a rating of Unsatisfactory represents unsatisfactory performance.

The student must achieve a rating of Satisfactory in each area by completion of the semester in order to achieve a passing grade for the course. A rating of less than satisfactory in any of the areas at semester end will constitute an Unsatisfactory course grade.

The faculty member will hold evaluation conferences with the student and clinical preceptor at each site visit. The faculty member will document or summarize each conference on the Clinical Evaluation Form or Incidental Advisement Record. This summary will be signed by the faculty member and student. Mid-rotation evaluation conferences will be made available to each student. **Final evaluation conferences with the faculty member are mandatory** and will be held during the last week of each clinical rotation. A student may request additional conferences at any time by contacting the clinical faculty.

Mandatory Documentation of Clinical Hours and Experiences

Students are required to use Exxat software associated with the UF account to schedule all clinical days and to record patient logs. The faculty will also use Exxat or otherwise communicate with the student to schedule the site visit. Students are required to submit a written calendar of planned clinical practice dates and times in Exxat prior to beginning the clinical rotation. Any changes to the calendar (dates and times) must be submitted in writing to the course faculty member before the change is planned to occur. Clinical hours accrued without prior knowledge of the faculty member will not be counted toward the total number of clinical hours required for the course. Students must notify preceptor and clinical faculty member of any missed clinical days due to illness.

Students also assess their learning experience using the Clinical Site Assessment Form. The Clinical Site Assessment Form is submitted in Exxat. At the middle of the clinical experience the student completes a self-evaluation. The faculty member completes a student evaluation using the College of Nursing Clinical Evaluation Form.

Exxat clinical log information must be updated weekly. The student has a 7-day window to post each clinical contact. You are required to complete ALL of the data for each case in Exxat.

For technical problems, you may reach out to the Exxat support team at support@exxat.com

MAKE UP POLICY The minimum number of required clinical hour is 192 hours. At the end of the semester all students are required to have completed the minimum number of hour to sit for national certification.

GRADING SCALE

- S Satisfactory
- U Unsatisfactory

For more information on grades and grading policies, please refer to University's grading policies: <https://catalog.ufl.edu/graduate/regulations/>.

COURSE EVALUATION

Students are expected to provide professional and respectful feedback on the quality of instruction in this course by completing course evaluations online via GatorEvals. Guidance on how to give feedback in a professional and respectful manner is available at <https://gatorevals.aa.ufl.edu/students/>. Students will be notified when the evaluation period opens, and can complete evaluations through the email they receive from GatorEvals, in their Canvas course menu under GatorEvals, or via <https://ufl.bluera.com/ufl/>. Summaries of course evaluation results are available to students at <https://gatorevals.aa.ufl.edu/public-results/>.

ACCOMMODATIONS DUE TO DISABILITY

Students with disabilities requesting accommodations should first register with the Disability Resource Center (352-392-8565, <https://disability.ufl.edu/>) by providing appropriate documentation. Once registered, students will receive an accommodation letter which must be presented to the instructor when requesting accommodation. Students with disabilities should follow this procedure as early as possible in the semester.

PROFESSIONAL BEHAVIOR

The College of Nursing expects all Nursing students to be professional in their interactions with patients, colleagues, faculty, and staff and to exhibit caring and compassionate attitudes. These and other qualities will be evaluated during patient contacts and in other relevant settings by both faculty and peers. Behavior of a Nursing student reflects on the student's individual's ability to become a competent professional Nurse. Attitudes or behaviors inconsistent with compassionate care; refusal by, or inability of, the student to participate constructively in learning or patient care; derogatory attitudes or inappropriate behaviors directed at patients, peers, faculty or staff; misuse of written or electronic patient records (e.g., accession of patient information without valid reason); substance abuse; failure to disclose pertinent information on a criminal background check; or other unprofessional conduct can be grounds for disciplinary measures including dismissal.

As students in the health professions at UF Health, you are expected to promote safety and a culture of care and concern for each other and for patients. Across our academic health center's missions of research, teaching and patient care, nursing students must lead by example and take individual responsibility for modeling healthy habits and behaviors to

minimize the spread of COVID-19. Failure to comply with the established public health measures, both on and off campus, is considered a serious breach of professional conduct.

UNIVERSITY POLICY ON ACADEMIC MISCONDUCT

Academic honesty and integrity are fundamental values of the University community. Students should be sure that they understand the UF Student Honor Code at <https://sccr.dso.ufl.edu/policies/student-honor-code-student-conduct-code/> . Students are required to provide their own privacy screen for all examination's administered to student laptops. No wireless keyboards or wireless mouse/tracking device will be permitted during examinations.
