UF College of Nursing | UNIVERSITY of FLORIDA

ABOUT

Since 1956, the University of Florida College of Nursing has advanced health through excellence in education, research and compassionate care. For 70 years, the College has prepared practice-ready nurses, advanced nursing science and improved the health of communities across Florida and beyond.

To commemorate this milestone, we are proud to host the 70th Anniversary Gala and Awards Dinner, the capstone celebration of a year honoring the College's legacy and impact. Throughout 2026, we have celebrated defining milestones, including the 10th anniversary of the Accelerated Bachelor of Science in Nursing program at our Jacksonville campus and the 25th anniversary of Archer Family Health Care, our nurse-managed rural clinic.

We invite you to be part of this historic celebration by supporting one of the sponsorship opportunities outlined in this package. Together, we can honor 70 years of excellence while investing in the future of nursing.
